

# Ottawa's Specialty Cancer Care Pharmacy

*Enhancing the cancer medication experience for lives affected by cancer*

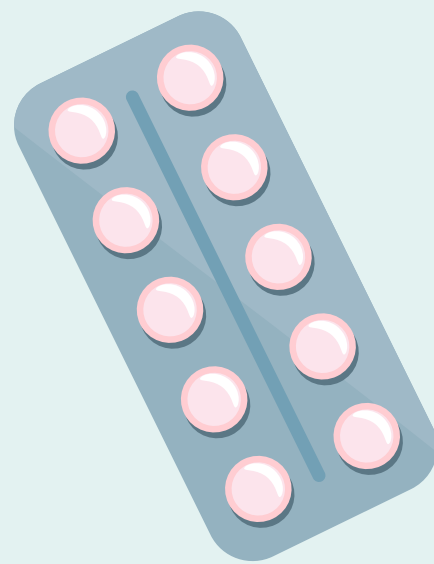

613-260-7890

info@extendpharmacy.com

## Your cancer medication experts

Our team is made up of medical oncology and hematology pharmacists with an expertise in cancer care who collaborate with your oncologist to provide the best possible care

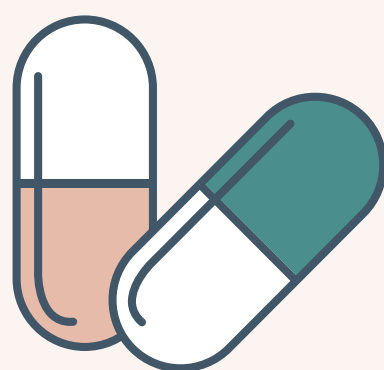

## Peace of mind for your cancer care

A pharmacist will connect with you and/or your family and friends in person or over the phone to complete an Extend Pharmacy consultation

## Treatment safety assessment

Your Extend pharmacist will conduct a thorough interaction check to ensure your cancer medications get along with your current prescription medications, vitamins, or natural health products

## Teaching about your cancer treatment and supportive care

Your Extend pharmacist will provide education and review your cancer medication with you, which also includes supportive medications for symptoms (ie. nausea, vomiting, diarrhea, etc.)

## Cancer Connect PhC

A new virtual tool to help you better track and manage your symptoms and communicate with your Extend pharmacist in real time. It's like a virtual notebook for your treatment!

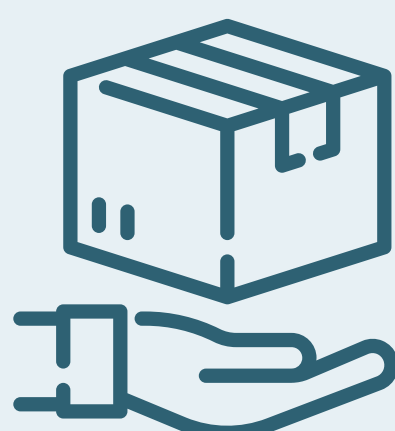

## Side effect monitoring

Your Extend pharmacist will review side effects to watch for and how to manage these. Our goal is for you to be informed and knowledgeable to help catch and treat side effects early before they become serious or interfere with your cancer treatment

## Safe delivery to your home

We provide free delivery to your doorstep for all patients in Ontario

## With you to support your journey...

Our team is here to support you along the way to enhance your cancer medication experience – call or email us at anytime if you have any questions
